

RiE 2011

2nd International Conference on
Robotics in Education

15-16 September 2011
Vienna, Austria

Call for Papers

The International Robotics in Education Conference (RiE) aims at bringing researchers, academicians, teachers, practicing engineers, as well as industry experts from all over the world on to a common platform.

We encourage to submit and present new trends, practical experience, and the latest innovations and advances in the area of Robotics in Education.

Suggested topics include, but are not limited to:

- Robotics in school
- Robotics Curriculum
- International trends in educational robotics
- Hardware and software of robotic kits
- Laboratory experiments for teaching robotics
- Teaching and training for robotics
- Project-based learning and robotics
- Didactic Approaches and Materials
- Exemplary robotics projects in classes
- Robotics competitions
- Evaluation and Pilot Studies
- Web-based Robotics and Simulation
- Evaluation and assessment of robotic-enhanced class activities

Important Dates

- June 1, 2011: Submission of paper
- July 1, 2011: Notification of acceptance
- August 1, 2011: Camera-ready papers
- September 15-16, 2011: Conference

organised by INNOC - Austrian Society for Innovative
Computer Sciences

innoc

in cooperation with

S T U . . SLOVAK UNIVERSITY OF TECHNOLOGY IN BRATISLAVA
. Faculty of Electrical Engineering and Information Technology
. F E I .
.
